Commuta Care

South Africans spend a large portion of their time on our roads and accidents are a sad reality. To this end the Road Accident Fund (RAF) was created to support those injured or killed due to road accidents. Sadly accessing benefits from the Road Accident Fund is not straightforward and requires the assistance of attorneys and medical specialists. As a result most claimants of the Road Accident fund never see the full benefit of their claim.

Through Commuta Cares' network of service providers we ensure that victims of motor vehicle accidents have immediate and speedy access to an effective Road Accident Fund claims management system with ZERO costs to themselves and effectively halving the claim turnaround time... Which means 100% of the claim goes to the claimant.

Your Membership Benefits

- You pay nothing towards the cost of claiming against the RAF.
- Legal support – A dedicated lawyer is assigned to your case.
- No admin – We compile the necessary reports and take care of the admin associated with your claim.
- No hidden deductions – You'll receive the full RAF payment.
- Easy and efficient – Our dedicated team halves the time it takes to process a settlement.

What can you claim for from the RAF?

- All existing and future Medical expenses resulting from the accident.
- In the event of a death, funeral expenses up to R10 000.
- All existing and future loss of earnings or income resulting from the accident should a person be disabled.
- All existing and future Loss of support for a dependent of a deceased victim resulting from the accident.
- General damages for pain, suffering and disfigurement in the case of bodily injury as determined after examining the extent and severity of the injury.

Who can claim from the RAF?

- A person who was personally injured in a road accident (except the driver who was the sole cause of the accident).
- The dependent of a person who died in a road accident.
- A close relative of the deceased can claim for funeral expenses.

The Road Accident Fund (RAF)

Is a government entity funded through the national fuel levy providing a benefit to those injured or killed as a result of a road accident within South Africa due to third party negligence. The RAF is a South African initiative and therefore only covers you if the incident takes place on a South African road. To claim from the RAF you will need to prove the seriousness of your injury and that another party was at fault. The claims process is complicated and can take a long time and cost a great deal of money.

What costs are covered by my membership?

All the costs involved in submitting a claim to the RAF.

How do I claim?

- You will be issued a case number and referred to an assessing Commuta Care legal practitioner for a case assessment.
- Once your case has been reviewed, you will be advised by Commuta Care on the merits of the claim and potential way forward.

- Should it happen that your case is deemed not valid for presentation to the RAF, Commuta Care will provide you with a letter explaining the reasons.
- Should your case be deemed capable of being presented to the RAF, Commuta Care will assist you with all the documentation required for submission.
