ROADCOVER

The Value Proposition

To ensure that victims of motor vehicle accidents have immediate access to an effective Road Accident Fund (RAF) claims management system with NO costs to themselves.

The Road Accident Fund

It is a public entity set up by the South African government aimed at making compensation payments to people injured, or dependants killed, in road accidents within South Africa as a result of third party negligence.

The Challenges

- The RAF claims process can be extremely costly, time consuming and complicated
- 7 out of 10 RAF claims are fraudulent, resulting in an average claim period of 36 - 48 months
- Most road accident victims are unaware of the RAF and it's advantages.

Who is Entitled to Claim

- A person who was personally injured (except a driver who was the sole cause of the accident)
- The dependant of a deceased victim
- A close relative of the deceased in respect of funeral expenses
- A claimant under the age of 18 who must be assisted by a parent or legal guardian.

What you could claim for

- Medical expenses (past and future)
- Funeral expenses
- Loss of earnings or income if a person is disabled (past and future)
- Loss of support for a dependant of a deceased victim (breadwinner, past and future)
- General damages for pain, suffering and disfigurement in the case of bodily injury as determined after examining the extent and severity of the injury.

The RoadCover Offering

RoadCover is a service offering that manages your claim with the RAF from start to finish, allowing its members who become motor vehicle accident victims, to be compensated by the RAF in full, at NO cost to themselves!
